

# ENVIRONMENTAL IMPACT ASSESSMENT

(Available Techniques, Emerging Trends)

*S.A. Abbasi*  
*D.S. Arya*

# CONTENTS

---

*Foreword*  
*Preface*

<i>Chapter I:</i>	General Introduction	1
<i>Chapter II:</i>	EIA Methodologies Currently In Use	4
<i>Chapter III:</i>	Backdrop for Testing the New Methodologies	22
<i>Chapter IV:</i>	INTRA - a new Methodology for Selection the most Influential Parameters for Study so as to Reduce the Costs of EIA	62
<i>Chapter V:</i>	SMART-ALEC - a New Software Package for Studying Developmental Trends and their Environmental Impacts	85
<i>Chapter VI:</i>	CREAM - a New Approach for Assessing 'Total Impacts' and Determining Strategies for Environmentally Sustainable Developmental Planning	129
<i>Chapter VII:</i>	Summary and Conclusions	145
